

The first complete range of Ecocert-approved cleaning and sanitation solutions* for the Food & Beverage industry in Canada

Safe, sustainable products that meet organic industry standards

Developed to meet the high standards of organic food and beverage processing, our products are approved by Ecocert Canada for organic production and are **formulated using substances permitted by the Canadian Organic Standard**. They ensure performance, safety, and regulatory compliance.

Recommended for:

Organic growers and food processors

Business committed to environmental sustainability

Ecocert: A Guarantee of Trust and Sustainability

Our solutions, such as cleaners and sanitizers, are Ecocert-approved. They are evaluated against high standards to ensure compliance for organic applications. They comply with current organic regulations and contribute to more sustainable cleaning practices.

- **International Recognition:** With a presence in over 130 countries, Ecocert is recognized by industry professionals for its rigorous standards and independence.
- **Strict Control:** Our products are subjected to audits and documentation reviews to ensure their quality, traceability, and compliance with organic specifications.
- **Enhanced Credibility:** The Ecocert label certifies that the inputs comply with organic standards, making audits easier.
- **Improved Visibility:** Approved products are listed in a public database.

How Sani Marc Supports Your Organic Operations

Proven Performance and Simplified Organic Compliance

Tested for their effectiveness, our solutions deliver reliable results while ensuring the safety of your team and food production. Approved for organic agriculture and supported by trusted traceability, they simplify your audits and easily meet regulatory requirements.

Proven Expertise and Customized Support

We understand the reality organic processors face and deliver solutions tailored to your specific needs. Our team offers practical advice and customized technical support.

Contribution to Your Sustainability Objectives

Designed to reduce environmental impact, our Ecocert-approved solutions are biodegradable according to the OCDE 301D method. They are part of a responsible approach, aligned with your sustainability commitments.

SANI MARC 
Hands-on Hygiene.

Available formats

The first complete range of Ecocert-approved cleaning solutions available in Canada, designed to meet all your cleaning and sanitizing needs.

| DEGREASERS | | | |
|---------------------------------------|---------|-----------------------|--|
| SIROCCO | 4 L | 05-10535-04 (1050074) | All-Purpose Industrial Degreaser Quickly removes oils, grease, carbon, and tire marks on a broad range of surfaces. |
| | 20 L | 05-10535-20 (1049701) | |
| | 205 L | 05-10535-45 (1049702) | |
| | 1 000 L | 05-10535-55 (1049703) | |
| ADAPTAGEL | 20 L | 05-10540-20 (1049704) | Gel Degreaser for Soft Metals Efficiently removes grease build-up on equipment and surfaces in red meat, poultry, and other food preparation and processing areas. Perfect for cleaning corrosion sensitive surfaces. |
| | 205 L | 05-10540-45 (1049705) | |
| | 1 000 L | 05-10540-55 (1049706) | |
| ATLIX | 20 L | 05-10545-20 (1049707) | Low-Foam Alkaline Cleaner Low-foam cleaner designed to efficiently eliminate organic soils in meat processing, dairy, and bottling plants. Perfect for soak and circulation cleaning, as well as egg washing. |
| | 205 L | 05-10545-45 (1049708) | |
| | 1 000 L | 05-10545-55 (1049709) | |
| ECOGEL ACS | 4 L | 05-10036-04 (1000149) | Gel Degreaser Adheres to vertical surfaces for extended contact. Highly effective against greasy, oily, and caramelized build-up. Suitable for cleaning stainless steel and soft metals, while preventing mineral build-up and rust formation. |
| | 20 L | 05-10036-20 (1000150) | |
| | 205 L | 05-10036-45 (1000151) | |
| | 1 000 L | 05-10036-55 (1000152) | |
| POWER FOAM | 20 L | 05-10345-20 (1000218) | Powerful Foaming Degreaser Very powerful industrial cleaner, designed to effectively remove tough accumulations of grease, oil, carbon, and caramelized residues. |
| | 205 L | 05-10345-45 (1000219) | |
| | 1 000 L | 05-10345-55 (1000220) | |
| ACIDS | | | |
| DETAC 3D | 20 L | 07-10200-20 (1049694) | Non-Foaming Acid for Circulation Cleaning Designed for cleaning food processing equipment, this descaler effectively removes calcium deposits and neutralizes alkaline residues. Its non-foaming formula delivers maximum efficiency in closed-loop systems. |
| | 205 L | 07-10200-45 (1049695) | |
| | 1 000 L | 07-10200-55 (1049696) | |
| WAVE | 4 L | 07-10175-04 (1000340) | Powerful Foaming Acid Powerful acid formulation designed to effectively remove tough alkaline deposits and inorganic build-up. |
| | 20 L | 07-10175-20 (1000341) | |
| | 205 L | 07-10175-45 (1000342) | |
| SANITIZER/ANTIMICROBIAL CONTROL AGENT | | | |
| CHINOOK CONCENTRATED | 18 L | 09-10025-18 (1052978) | Sanitizer and Antimicrobial Control Agent Concentrated, non-foaming peracetic-acid based product designed to optimize Food & Beverage processing while maintaining food integrity. |
| | 193 L | 09-10025-45 (1000415) | |
| | 950 L | 09-10025-55 (1000416) | |

Our range of Ecocert-certified inputs

Here's what you get when you choose Sani Marc to sanitize your facilities:

- The support and expertise you need to integrate our products into your cleaning protocol.
- The optimization of your cleaning and sanitation solutions.
- A team of experts specifically dedicated to your facilities.
- The training you need to make the most of our products.
